- **Membership Roster Additions/Deletions**
  - Organizations are responsible for maintaining an accurate roster on VOLink. Additionally, the president and/or their designee will review/update their chapter roster with OSFL on Roster Day two times each semester. Chapters may not edit the roster during the final examination period. Deletions may be made under the following conditions:
    - Member/new member is no longer a UTK student.
    - Member/new member has been separated from the chapter. If deemed necessary, this will be verified by the chapter advisor and/or the local or inter/national organization.
    - Member/new member has graduated from the University.
• **Standards of Fraternal Excellence (SOFE)**
  
  o The University of Tennessee recognizes that sororities and fraternities are an integral part of the campus community. These organizations have a positive impact for members, nonmembers, alumni, and the local and national community. To achieve mutual success for the institution and the sorority and fraternity organizations, the Standards of Fraternal Excellence was created. The Standards of Fraternal Excellence is comprised of five categories: Scholastic Achievement, Civic Engagement, Member Education, Administration, and Excellence. All social-Greek lettered organizations must adhere to SOFE to be registered student organizations at the University of Tennessee, Knoxville. Organizations that don’t meet outlined standards will be placed on the statuses listed below.

  **Statuses**
  
  o **Unacceptable Year 1** - Year one after not meeting all standards
    
    o Organization will be required to work with the appropriate chapter coach within the Office of Sorority and Fraternity Life to develop an improvement plan. Organization advisor and regional/headquarters representative will be notified with a copy of the improvement plan.

  o **Unacceptable Year 2** - Consecutive year two not meeting all standards
    
    o The organization advisor and/or regional representative and the headquarters organization will be involved in the coordination and implementation of a new performance improvement plan. It will be recommended that organizations in this category self-impose social and programming restriction(s) on any event other than those assessed in the Standards of Fraternal Excellence. During a mid-year check in with the Chapter Coach, it is requested that the advisor and/or regional representative and/or a representative from the headquarters organization participate in the mid-year check in.

  o **Unacceptable Year 3** - Consecutive year three not meeting all standards
    
    o An organization unable to meet minimum standards for three consecutive years will be under review with the University of Tennessee and may lose recognition as a registered student organization at the University of Tennessee, Knoxville. The review committee will consist of the following members; Director of Sorority and Fraternity Life, a representative from the Dean of Students Office, appropriate Council president, representative from the Office of Student Conduct & Community Standards (SCCS), alumni/a representative, and a friend of the division staff member.

However, a chapter may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of this policy, including the use of a third-party vendor and guest list. ### III. Conduct Rights and Responsibilities

- Students at the University of Tennessee are members of both the University community and the larger community of which the University is a part. Accordingly, students are responsible for conducting themselves in a lawful manner as well as in compliance with University rules and policies. In addition, the University has developed a set of aspirational goals titled, Principles of Civility and Community, which encourages all members of the University community to foster a learning environment where diversity is valued, respected, and celebrated.

- Students are responsible for being fully acquainted with and for complying with the Code of Conduct (Code), the applicable undergraduate or graduate catalog, the student handbook (Hilltopics), and other rules and policies relating to students.

### Jurisdiction

- The Code applies to conduct that occurs on University-controlled property. However, with respect to conduct that occurs off of University-controlled property, the University has the discretion under the Code to discipline a student for conduct that violates the Standards of Conduct only if the student’s conduct:
  - I. occurs in connection with a University-affiliated activity including, without limitation, an overseas study program or a clinical, field, internship, or in-service experience;
II. consists of academic dishonesty or research misconduct;

III. is prohibited by local, state, or federal law, and the conduct was committed within the Knoxville Area (or, for UTSI students, the conduct was committed within Coffee County or Franklin County);

IV. is fairly attributable to a student organization based on a consideration of the criteria in Section 2.4; or

V. threatens, or indicates that the student poses a threat to, the health, safety, or welfare of others or the security of any person’s property including, without limitation, drug-related offenses, arson, assault, fraud, theft, hazing, participation in group violence, sexual assault, dating violence, domestic violence, stalking, and sexual exploitation. Whether weapons, drugs, or alcohol were involved.

Student Organizations’ Responsibility

- Notwithstanding anything in the Code to the contrary, a student organization may be found responsible for conduct that violates the Standards of Conduct only if the conduct is fairly attributable to the student organization. Whether conduct is fairly attributable to the student organization will be determined by SCCS based on a totality of the following criteria:
  - Whether the misconduct was endorsed by one (1) or more officers of the student organization (“endorsed by” means: having prior knowledge that the misconduct was reasonably likely to occur and failing to take reasonable preventative or corrective action; failing to attempt to stop known misconduct while it is occurring; and/or helping to plan, promote, or carry out the misconduct);

- Whether the misconduct occurred in connection with an activity:
  - a) Financed by the student organization and/or one (1) or more members or alumni of the student organization who contributed personal funds in lieu of organizational funds;
  - b) Related to initiation into, admission into, affiliation with, or as a condition for continued membership in the student organization; and/or
  - c) Advertised, promoted, or publicized in such a way that a reasonable student viewing or hearing the advertisement, promotion, or publication would believe that the activity was affiliated with the student organization.

- Whether the misconduct occurred on property owned, controlled, rented, leased, and/or used by the student organization and/or any of its members/alumni acting on the student organization’s behalf; and/or
Whether a member of the student organization attempted to conceal the activity connected with the misconduct or conceal the misconduct of another member of the student organization.

**XI. Sorority & Fraternity Housing Policy**

- In order to ensure a safe and healthy living environment for all residents of fraternity and sorority facilities, the following policies have been created. The policies outlined below are consistent with all University of Tennessee, Knoxville and University Housing policies and regulations. Review of policies and timelines will occur each summer in collaboration with University administration.

- **Eligibility for Residency in Sorority & Fraternity Housing**
  - Students applying for resident status within an identified sorority or fraternity facility must be a fully admitted undergraduate student at the University of Tennessee, Knoxville. Students admitted into a pathway program and/or other University of Tennessee campus satellite programs are not considered eligible for residency status. Residents must be actively enrolled in classes and/or practicum or internship programs at the University of Tennessee, Knoxville. Students wishing to reside in a sorority or fraternity facility must be an active member considered in good-standing of the identified organization and local chapter. First year students are not eligible for resident status within any sorority or fraternity facility. Transfer students that are already identified as active members of a sorority or fraternity may be considered for residency status by contacting the Office of Sorority and Fraternity Life.
  - Breach of this policy, housing contract, and/or violation of any University of Tennessee, Knoxville regulation may result in eviction upon five (5) days’ notice except where the University determines that continued residence by the student would pose a danger to the life, limb, or health of themselves or other residents, in which case the student may be evicted immediately.

- **Housing Contracts**
  - All facilities that are defined as on-campus, University property are required to have each resident complete a [University of Tennessee, Knoxville Fraternity Park/Sorority Village Housing Contract](http://www.greek.utk.edu) available online through StarRez, in addition to any individual organizational housing contracts. Contracts for the upcoming academic year must be completed in full and returned to the Office of Sorority and Fraternity Life by the last day of exams each spring semester. New contracts for the academic spring semester will be
due by a date consistent with the Bursar’s spring billing date. No edits to an existing contract will be permitted. If edits are necessary, completion of a new contract is required.

- **Meal Plans**
  - Any fraternity or sorority wishing to offer food services to their residents in place of a University meal plan must seek prior approval of their meal plan from the Office of Sorority and Fraternity Life. All meal plans must meet a minimum of $300 a semester in order to be considered an adequate replacement for the University Flex Plan. Organizations are not required to have a meal plan and/or may have a meal plan in addition to a University Meal Plan. Any member wishing to be charged for their organizational meal plan through the University must complete and submit to the Office of Sorority & Fraternity Life with evidence of contract stating meal plan requirements. For the full policy, please visit gogreek.utk.edu/about-us/our-policies/.
  - Any resident that does not have a required sorority/fraternity meal plan and has not signed up for a different University Meal Plan will receive a $300 charge for the University Flex Plan. OSFL does not have authorization to add/remove Flex Plan charges.

- **Summer Residency**
  - Organizations wishing to offer summer residency options may do so under the following conditions:
    - Student must be enrolled and registered with the University of Tennessee, Knoxville for the adjoining Spring and Fall academic terms or be seeking graduation at the end of the identified Summer term;
    - A University Summer Housing Contract must be completed and submitted to the Office of Sorority and Fraternity Life via StarRez, even if housing corporation is not charging a summer rent;
    - An identified House Director must be living within the facility during the summer months.
    - All University regulations and expectations remain applicable to sorority and fraternity facilities and residents during the summer months. Failure to comply may result in disciplinary action and/or eviction.

- **House Directors**
  - All identified on-campus fraternity and sorority facilities are required to have a live-in House Director to oversee facility maintenance and ensure the general health and safety of its residents. House Directors must not be an undergraduate student and if a member of the same local chapter, must be removed from their undergraduate experience by a minimum of two (2) years. House Directors are to be hired and compensated through the local/national House Corporation Board. Assistance in recruiting eligible House Directors will be made available through the Office of Sorority and Fraternity Life. Upon
hiring a House Director, each local/national Housing Corporation will complete a
background check and submit to the University to retain on file. Each local/national
Housing Corporation is responsible for the overall training and supervision of their
employed House Director, however it is required that all House Directors meet the
following University expectations;

▪ If newly employed by House Corporation Board, meet with the Office of Sorority
  and Fraternity Life for onboarding and completion of necessary administrative
documents;
▪ Attend all mandatory OSFL House Director trainings and meetings. House
  Director trainings are held twice annually, one (1) each fall and spring semester;
  House Director meetings are held once a month during the academic term.
▪ Participate in and comply with all required health and safety inspections;
▪ Respond to all University official communication within a timely manner;
▪ Submit any health and safety documents identified as necessary by the University;
▪ Comply with all policies and/or procedures as set forth by the University or as
deemed appropriate by the Sorority Village Association/Fraternity House
Corporation Board;
▪ Physically reside within the identified facility on a full-time basis.
▪ House Director presence is required any time residents are living within the
  facility, including but not limited to; summer break, fall/spring breaks, and
  holiday breaks. It is up to the discretion of the local/national House Corporation
  Boards whether to allow the facility to remain open to residents during these
times.
▪ Failure of the House Director to comply with any official University and/or
  Corporation Board policy or procedure will result in documented communication
  with the local/national housing corporation and inter/national headquarters.
  Continued failure to comply will result in the House Director contract being
  ineligible for renewal.

It is expected that House Directors are present in the facility on a daily basis. For short-
term vacancies in the form of a vacation or approved time off, it is the expectation that
the House Corporation Board and House Director will arrange for temporary oversight.
In the event that an organization finds itself without a permanent House Director, the
following process must occur:
▪ Notification of vacancy to the Office of Sorority and Fraternity Life within 24
  hours;
▪ Immediate implementation of Interim Plan and plan information sent to the Office
  of Sorority and Fraternity Life;
▪ Identify permanent House Director within 30 days of vacancy.
• **House Corporation Boards**
  
  o Each fraternity or sorority that maintains residence in a facility must have an active alumni advisory board or national organization representative overseeing the facility operations. Decisions regarding a facility will only be conducted with an active member of a Housing Corporation Board, not with undergraduate chapter leadership.
  
  o In order to ensure accurate communication and compliance with University policies, it is required that each organization that oversees a facility be represented at meetings that are called together for the purpose of discussing facility matters. If attendance at stated meetings cannot be met, it is expected that a representative from the organization’s House Corporation Board meet and/or speak individually with a staff member from Office of Sorority and Fraternity Life to ensure information is communicated. Continued lack of attendance and/or communication from the House Corporation Board with OSFL will result in a policy violation for the organization.

• **Rent Rates**
  
  o Individual rent rates are determined by the University in cooperation with the House Corporation. If an organization wishes to change their identified rates, the House Corporation Board must submit the identified purpose for the change along with the price they wish to charge to the Office of Sorority and Fraternity Life. Rent rates will be reviewed annually by the Office of Sorority and Fraternity Life in collaboration with the Assistant Vice Chancellor for Student Life and any necessary recommendations will be made to the local/national House Corporation Board.

• **Subleases**
  
  o In the event of a chapter suspension or organizational vacancy with a lease holding organization, the Office of Sorority and Fraternity Life will work with the corporation president in the establishment of a sublease if an opportunity is available. Any group looking to engage in this process should reach out to the Office of Sorority and Fraternity Life for guidance on the process. All subleases must be reviewed by the University and signed in accordance with the University’s contracts policy in order to be fully executed and applied. *Subleases will not extend beyond one calendar year.* University consideration will first be given to recognized fraternities and sororities who have a relationship with the Office of Sorority and Fraternity and receive education around health and safety issues in the sorority and fraternity community. Subleasing organizations are **required** to have a *house* corporation to manage the facility separate from the leadership of the student organization.

• **Compliance with University and State Building and Fiscal Policies**
  
  o As outlined in each organization’s lease with the University, the organization has entered into a long-term lease (50 years) with the University of Tennessee, Knoxville. In this lease, organizations are given equity interest and there is a shared management model between the institution and the house corporation and thus must follow all University and
State Building and Fiscal Policies. Specific State policies can be found at the following websites:

- State Architect Policy and Procedure
- Procurement Procedures Manual

- Any improvements or upgrades to the facility that require modifications to the actual construction or internal utilities that are in excess of $10,000 must be approved by the University. This includes, but is not limited to, modifications such as removing or modifying walls, installing wiring and/or new lighting structures, paintings on walls, regardless of whether funds being used are held in an outside account or in a centrally held account.

- For additional information on Use of Maintenance Reserve Funds, Parking in Fraternity Park/Sorority Village, Security, Lock & Key Installation and Maintenance, Insurance & Inspections and searches, please visit the full policy at gogreek.utk.edu

- **Fire Drills**
  - Fire drills are scheduled in accordance with state law and with guidance from the Office of Environmental Health and Safety Office and Facility Services. Two drills will be scheduled in each long semester, and one over the summer break. The first drill of each long semester must be completed within the first ten days of the semester. OSFL will notify the house corporations, organization presidents, and house directors of the upcoming fire drill. The notification will include a date range of when the drill may take place, typically a week. The exact fire drill date will not be specified to protect the integrity of the drill. Building inspections of the facility also will take place during the designated week, separate from the timed fire drill to ensure staff are able to adequately test equipment. Fire drills will take place during University business hours.

- **Fire Suppression System Tests**
  - Twice a year, organization facilities must have an inspection and certification of their fire suppression systems. Rapid Fire inspects the fire suppression system and turns in a report to the Fire Marshal. Residents and/or organizations who refuse to cooperate with University officials in conducting fire suppression system tests will be subject to consequences, including termination of the privilege of living in the facility and referral to the Office of Student Conduct and Community Standards for disciplinary action.

- **Building Inspections**
  - At minimum, once every year, organization facilities must have a building inspection conducted by the Office of Environmental Health & Safety. Inspections may occur as often as once a month if deemed necessary.

- Chapters may find the full policy by visiting gogreek.utk.edu
XIV. Policy Violation Procedures

• Organizations are expected to abide by all policies.
• When OSFL witnesses behavior or receives information that a chapter may have violated a policy(s), the following procedures will take place:
  • OSFL will review violations with SCCS and document in Maxient.
  • If SCCS determines that a Student Code of Conduct Violation(s) occurred, they will proceed with their Student Conduct Process. See https://studentconduct.utk.edu/wp-content/uploads/sites/53/2018/07/Student-Conduct-Process-Sheet-Fall-2020-1.pdf
  • If SCCS determines that no Student Code of Conduct Violation(s) has taken place, OSFL will move forward with the following:
    ○ If OSFL determines that a policy violation may have occurred but does not rise to the level of a formal violation, OSFL may elect to issue a formal warning, not resulting in a strike.
      ▪ Generally, when an organization violates a policy for the first time, the organization will receive a warning letter via Maxient.
      ▪ *Note* OSFL reserves the right to determine a first-time policy violation will result in a strike based on egregiousness and particular policy.
    ○ If OSFL determines that a policy violation has occurred, a strike will be assigned to the organization and the Chapter President will receive a letter from OSFL via Maxient outlining one of two next steps:
      ▪ **For first time strikes**, Chapter Presidents will be required to meet with their respective council’s Student Accountability Board (i.e. MGC, NPHC, Panhellenic, or IFC). Judicial boards reserve the right to assign sanctions as they see fit.
      ▪ **For second time strikes**, Chapter Presidents will be required to meet with a staff member in OSFL for an OSFL Policy Conference. The letter received will outline which OSFL staff member the Chapter President has been assigned to meet with. Chapter Presidents must schedule this meeting within 5 business days of receipt of the letter. OSFL reserves the right to assign sanctions as they see fit.
        1. OSFL will determine the most appropriate staff member for the Chapter President to meet with based on the policy violated.
        2. In cases where the Housing Policy is violated, meetings will generally be scheduled with the Associate Director for Sorority & Fraternity Life or their designee.
      ▪ Following the completion of a Student Accountability Board Meeting (1st Strike) or an OSFL Policy Conference (2nd Strike) the Chapter President will receive a documented outcome and will be given 5 Business Days to sign off on the outcome.
        1. Should a chapter not agree with the outcome for any of the reasons outlined below, the Chapter President may elect to appeal the decision in writing within 5 Business Days of receipt of the outcome to the Director of Sorority & Fraternity Life.
a. Specifications of appeal rationale and processes are outlined in the full OSFL Policy Violations Procedure.

Upon a second strike, and intervention from an OSFL staff member for a policy violation meeting, a chapter will receive a 2-point SOFE deduction from “Conduct Standing.”

- OSFL will follow the Policy Violation Procedures for up to 2 strikes for the same policy, within a single election cycle. Upon the 3rd strike, Failure to Comply will be assessed, and the chapter will be referred to the Office of Student Conduct and Community Standards for adjudication.
  - *Note* OSFL reserves the right to determine any policy violation, even a first or second strike, will result in a referral to Student Conduct and Community Standards based on egregiousness and particular policy.

Policy Violation Strikes are reset at the start of each election cycle. Election cycles vary based on organization and align with the calculation of SOFE points for chapters.

XIII. Reminders
- Per guidelines for registered student organizations outlined in Hilltopics, only UTK students may be members of UTK student organizations. Only undergraduate, matriculating students registered for at least six (6) credit hours are allowed to be members of social Greek-lettered organizations.
- OSFL Policy Violations that do not rise to the level of Code of Conduct violations will be documented by the office, communicated to the appropriate parties and adjudicated by council executive boards when necessary. Once an organization reaches three non-Code of Conduct Violations of a given type, the organization will be referred to SCCS for Failure to Comply. All violations of the Code will be referred to SCCS immediately.
